**STATEMENT BY SCHOOL BOARD**

In considering the budget for 1933-1934, your School Board desires to emphasize a few points that may not be appreciated by a casual reading of its report.

Near the close of the year ending June 30, 1932, the School Board was forced to ask the Selectmen to advance \$700 of the appropriation for 1932-1933, thus decreasing the amount available for 1932-1933 by that amount. The brief balance sheet shows that by the practice of the utmost economy, this \$700 has been absorbed.

It has been customary for many years to turn over to the schools the money received from the Railroad, Savings Bank, and Insurance taxes, amounting last year to \$756.52. This will not be necessary this year thus affecting a saving of approximately \$750 to the tax payers. By absorbing the \$700 deficit and not needing the Railroad, Savings Bank, and Insurance taxes, the economies affected represent a saving of over \$1,450.

The budget, this year, recommends a further decrease in estimates of \$880 and, if no emergency arises, the Railroad, Savings Bank, and Insurance taxes will not be needed, thus showing a reduction to the tax payers of over \$1,600 or over 7.6 per cent.

## SUPERINTENDENT'S REPORT

---

To the School Board and Citizens of Swanzey:

I have the honor to submit, herewith, my eighth annual report.

**BUILDINGS AND GROUNDS:** All the buildings were thoroughly cleaned during the summer, and only such minor repairs were made as seemed necessary. At Westport, the plaster had fallen from the ceiling in several places and so the Board decided to install steel ceilings.

**TEACHERS AND PUPILS:** There are two changes to be noted in the teaching staff. Matrimony claimed both Miss Carlene Day and Miss Alice MacFarlane, who for several years had served faithfully and efficiently at Swanzey Center. Miss C. Iris Pohl of Manchester, a graduate of Plymouth Normal, 1932, was elected to succeed Miss MacFarlane in the primary room. Miss Priscilla Fay of Hinsdale, a graduate of Keene Normal School, 1930, three year course, was selected to take Miss Day's place in the higher grades.

At the beginning of the year, there were 87 Swanzey pupils enrolled in the Keene High School and 3 in Thayer High School, Winchester. Of these 90, 6 have dropped out during the year and 20 or 21 will be graduated, from which it may reasonably be inferred that we have reached the point of stability in the number attending high school. For the most part the pupils are acquitting themselves with credit, not only to themselves but to the town of their residence. This statement is proved by the fact that out of 26 seniors recently initiated into the National Honorary Scholarship Society, 5 were Swanzey pupils. In appreciation of their splendid record, I give their names recognition in this report. They are

Jenness Carlton, Leila Applin, Elizabeth Harris, Charlotte Chamberlin, and Elizabeth Scribner.

At a meeting of the teachers held February 9, 1933, it was unanimously voted to make a contribution to the Selectmen's relief fund of 10 per cent of their salaries from that date to the end of the school year. If this should be done next year, it would increase the relief to the tax payers by over \$500 in addition to the \$1,600 mentioned in the School Board's Statement. This would represent more than 10 per cent of the total budget.

Last year I reported that the per capita cost of elementary schools in Swanzev was \$64.78 for the year 1930-1931. For 1931-32, it was \$59.54 or a decrease of \$5.22 per pupils. The median per capita cost in the State for 1931-32 was \$82.11. Thus it appears that the per capita cost in Swanzev is \$22.57 less than the median for the whole state. These figures show conclusively that the per capita cost of education in Swanzev is very low indeed. I doubt if it can be lowered without grave danger of undermining the efficiency or morale of the school system.

Again I wish to express my appreciation to the School Board, to the teachers and pupils, and to the parents and patrons of the schools for their loyalty and co-operation, and trust that the same cordiality and harmony may continue throughout this critical period which confronts us.

Respectfully submitted,  
WESLEY H. DOUGLASS,  
Superintendent of Schools.

Winchester, N. H.  
February 20, 1933.

## A CHILD CANNOT GROW UP TWICE

This is the subject of an article by Dorothy Canfield Fisher in the November number of *Good Housekeeping*. The following is a quotation:

"The old cry, raised in shipwrecks, earthquakes, fires, 'Women and Children First,' inspired and still inspires to reckless, willing self-sacrifice all but the meanest and most cowardly adults. Yet we are in danger now if we ever were. And if any considerable proportion of our race or nation has shown any sign of reckless self-sacrifice to protect the children of the country from it, at any cost to themselves, I'd like to have somebody tell me. 'Less money' is the modern equivalent of earthquakes, fire, and shipwrecks. Have we made every possible sacrifice in order that children and those who care for them may be the last to feel the prick of less money? I do not need to wait for an answer."

The teachers of America alone can give a permanent answer to the present crisis. But what do the politicians say and do? They try to solve this difficulty by saving expenses. They cut down the salaries of school teachers who dare not protest. They close schools. They drop special teachers. They combine classes. They strike at the one group in the land that could teach the country how to order life by proper organization so that American standards may be maintained and elevated with each generation. They look on education as the Jonah to be sacrificed to the god of the storms. But education is an Isaiah—singing the eternal words of truth—beyond the power of petty men to destroy—beyond the power of any generation to ignore. The hope of America in this crisis is the increased maintenance of education. There is no price too high to pay for education. There is no penalty too great to pay for ignorance.
